

United States Department of State

Washington, D.C. 20520

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense articles or defense services sold commercially under a contract in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export of tooling and equipment, materials and technical data and services related to the manufacture of various F-16 aircraft components in Greece, Belgium, France, Israel, South Korea, the Netherlands, and the United Kingdom for end-use in the United States and Greece.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly
Assistant Secretary
Legislative Affairs

Transmittal No. DTC 161-02

The Honorable

Speaker of the House of Representatives.
